Couplings

CCMY8530 intake coupler trolley

CCMY8530 intake coupler trolley

Operation

Lower the coupler from the vehicle stowage. Wheel the coupler into position over the pit valve. Turn the latch lower to release the catch and the frame and wheels will fold away automatically. On completion of fuelling disconnect the coupler. Push down the legs and lift the coupler until it latches. Return the coupler to the vehicle stowage position.

Ordering information

Retrofit kit for all models of CCMY8500 series Intake couplers order Part no. CCMY8530.

To order as part of a standard intake coupler add suffix T to the Part Number

EXAMPLE: Intake coupler with STA handle pressure control and deadman with BSP threads and trolley

Part no. CCMY8500M2R2T-B

Key Features

- Provides easy coupler handling
- Robust fabricated frame
- Easy safe access to latch mechanism
- Simple to operate
- Suitable for all models of CCMY8500 intake couplers
